Commercial Hygiene Service & Supply Specialists

# Solid Ware Washing Detergents

Safer to use, compact and cost effective

Health and Safety is a high priority for all businesses: with Glisten solid ware washing detergents you can reduce the risk of your staff coming into contact with corrosive chemicals. In the Food Service Industry after slips, trips and falls chemical related incidents rank second for all accidents reported.

The benefits of using solid dishwashing detergents are immediate:

- Safe for use for all ware washing machines
- Chemical controlled dispensing system for effective cost management
- Wall mounted and Compact
- Eliminates large drums of corrosive chemicals
- Available in Phosphate free formulation to support a greener environment

## Solid Product Range
